Dear Scott:

[REDACTED]

Agency Interest No. 2022
ENF20080001

In that regard, through the course of our discussions, MDEQ and EPA have agreed to the following stipulations. First, that MDEQ take the lead role with respect to community engagement. While both MDEQ and EPA will certainly address any concerns raised by any citizen, this site is located within the Mobile Bouie community, with which MDEQ has a long-standing working relationship.

In order to ensure coordination in our efforts, as well as maintaining clear lines of communication, I have designated Chris Sanders, Chief of the Environmental Compliance and Enforcement Division, and Chris Wells, an MDEQ Senior Attorney, to serve as points of contact in this matter. Mr. Sanders may be contacted at 601-961-5682, while Mr. Wells may be contacted at 601-961-5545. I ask that EPA similarly designate specific points of contact.

Sincerely,
